## SCOUT DRIVE OPENS

Sunday, February 6th—Leo  
G. Ford and H. W. Le-  
Tissier in Charge

Leo W. Ford and H. W. LeTissier have completed plans for the Boy Scout drive for funds to begin on February 6th and to which every one will be requested to contribute. Boy Scout troops have certainly played their part in every civic and social endeavor in Bay St. Louis and Hancock county and whenever called upon the Boy Scouts have never failed. In every parade, they have always been there in their khaki uniforms bearing the flag of their country and adding color and patriotism.

As with all causes, finances are always an important matter and no organization can survive without them, hence you are asked to contribute and contribute generously to the drive for funds to assist these worthy leaders in their efforts to continue their activities which include anything in which they might be called upon. And during these war times, with the splendid outdoor training which the scouts receive and their knowledge of first aid, they will be on hand ready for any call to aid in national defense or disaster, if such occur. So let us not forget them, and answer their call for assistance in their annual drive for funds.

## COLLECT BOOKS AT SCHOOLS

Victory Book Campaign Is  
Well Underway—Mrs.  
John Weston County  
Chairman

The Victory Book Campaign is well underway in this county and Mrs. J. Roland Weston will contact all schools for books for the soldiers. This is also a unit of the Junior Red Cross work to be done. Students are requested to deposit books at their respective schools and they will be collected, sorted and repackaged in the book bindery department of the Hancock County library.

Requests are that books on mathematics, science, short hand, etc., of which there is great need in the camps be not too old as the need is for present day information on these subjects. The fiction list embraces, adventure, aviation, historical humor, mystery, sports and western. Please check all books before sending them in, to see that all pages are intact. This is important because it saves the committees much time of which there is not enough to do the work to be done. Let's give books making our slogan "Give a Man a Book he can Read."

Mrs. John Weston is county chairman of the Victory Book campaign and May H. Edwards will handle the publicity.

Special Meeting  
We are calling a special meeting for all registrars for February 11, 1942 at 8:00 o'clock p. m. at the courthouse, Bay St. Louis, Miss. when full details will be explained for the manner in which the registration is to be conducted. It is very important that you attend this meeting.

## SCHOOL LUNCH PROJECT

Sponsors to Meet With Miss  
Caro Weston—Plans Dis-  
cussed For Canning  
Program

On Saturday, January 24, a meeting of the sponsors for their representatives of School Lunch Garden and Canning Project was held at the courthouse. Miss Caro L. Weston, county project supervisor, explained to them the program that is to go into effect for the garden and canning unit in the county, the next season.

There will be one W. P. A. Canning plot or plots of land to be used to grow vegetables for canning, must be near the canning center.

Representatives from the various Lunch Rooms were asked to come to this meeting to discuss plans for this center or to decide if they wanted the project to continue or not. Nearly every lunch room was represented.

After the program was explained to the sponsors, they all seemed interested in it and appointed a committee to select a place best suited for the garden and canning center.

This committee then came to Bay St. Louis Tuesday morning and met with Mrs. Albia G. Gray, District Supervisor of the project, and with the county project supervisor, Mrs. Gray gave them many good suggestions. The sponsors want the program to continue. They had many plans made. They had decided on Kiln as being the best place for the central garden and canning unit. There will be about 20 acres of land under cultivation, vegetables for the canning unit.

Any school whether there is a W. P. A. Lunch Program or not, may go into this new program. Whatever is canned will be divided among the schools that have contributed, according to the amount contributed. The school produce may be used for a lunch room program next year, or if there should be anything to happen in a community and the children have to evacuate the canned produce may be sent to help feed these children wherever they may be. It is well to look ahead and plan for what may happen. We do not know just how long this war may last and canned produce may be needed.

## CARNIVAL BALL FOR FEB. 14TH

Second Meeting Held Thurs-  
day—Plans Being For-  
mulated for Affair

A number of very active workers are accomplishing splendid results in the preparations for the annual Carnival Ball, foremost social event in Bay St. Louis, which will take place on the evening of Saturday, February 14th in St. Joseph Auditorium.

The Court Committee has been especially busy and states that every indication points to the most successful ball ever given, as with the cessation of the Carnival balls in New Orleans, to which so many people from here attended, added interest is being shown in this year's Carnival Ball.

A handsome court is anticipated, and plans for decorations are crystallizing into shape more each day and will afford the public one of the most beautiful spectacles ever witnessed.

The entertainment, as usual, will be the best and costuming will be beautiful also.

As always, the identity of the king and queen is a deep, dark secret and naturally everyone is especially interested to know who their majesties will be. But the way to learn that is by attending the Carnival Ball, an annual event which no one in Bay St. Louis wants to forego.

The second meeting of the committees and chairmen was held on Thursday, January 29 and final plans and preparations discussed then.

## Cadets and Soldiers Entertained By The Military Maids

A convoy of one hundred cadets from Keester Field and twenty-five soldiers from Camp Shelby were entertained at a dance in the Woodmen Hall on last Saturday evening by the Military Maids, organization of young women who entertained for the men in service.

Decorations in a patriotic theme were carried out throughout the large hall and dance music was furnished by a music box. The dance was considered one of the most enjoyable yet given for the soldiers.

## THE REMOVAL OF SOLDIERS FROM BAY ST. LOUIS NOTED

Boys Walking Their Posts  
And Other Activities Had  
Become Familiar Sight

Bay St. Louis has missed the number of stalwart soldier lads who were camped here for some time and whose presence we had become accustomed to.

The sight of the boys walking their posts at the railroad span and before the highway bridge, and the heavy army trucks traveling to and from the camp conveying soldiers to and from their watches was a familiar one.

However, a small group of soldiers is still being maintained as a guard for the bridges over Pearl River, the Rigolets and several other waterways along the highway, and small huts have been erected where they may stay during severe cold and rainy weather. These boys are stationed near Pearlington and Logtown.

One of the fine services which the women of Bay St. Louis performed for the soldiers was the formation of a canteen coffee group which provided the boys with thermos jugs of hot coffee, sandwiches and doughnuts while on duty here and for which grateful acknowledgement has been made to different members of the committee and to its chairman, Mrs. Louis B. Pate.

## MARCH OF DIMITS PARADE

Opens Hancock County's  
Drive For Funds To Fight  
Infantile Paralysis

The Hancock County Division of the National Foundation of Infantile Paralysis opened its drive for funds on Wednesday afternoon with a large and colorful parade which commenced at Bay High School and proceeded thru the main streets of the city.

The parade was headed by police car with direction and with the St. Stanislaus and Bay High school bands playing marches.

The stalwart color bearers with our country's flag borne proudly and the school flags were prominently placed at the head of each delegation.

Sea Scouts, members of the different boy and girl scout troops and students of St. Joseph Academy and Bay High School marched on foot and Miss Barbara Traustor mounted on the parade float at the head of the Girl Scouts.

Fahey's ambulance with a number of attractive nurses in uniform and different groups representing the various schools and civic organizations rode in private cars, each of which bore a beautiful and clever placard depicting the different seasons and making an appeal for the fund for infantile paralysis, which were drawn by Mrs. Catherine Thomas.

Members of the St. Stanislaus College Band were seen for the first time on parade in their handsome new blue and scarlet uniforms. Heading the Bay High School Band were their attractive drum majors who were preceded by five majorettes clad in white satin costumes, all cleverly strutting and adding immensely to the parade.

Prominent in the parade also was the representation from the United Chapter of the American Red Cross. The drive began actively with "wishing wells" set on tables with one or more persons in prominent places about Bay St. Louis and the hope that the result will exceed all previous years.

## BOY SCOUT DRIVE FOR FUNDS

FEBRUARY the 6th to 12th has been set aside as the days for raising funds for the Boy Scouts of this area.

Bay St. Louis has its share of drives but none are more important than that of the Boy Scouts.

The drive this year is in charge of Postmaster Leo G. Ford and H. W. LeTissier, who have completed plans and will start the drive on the sixth.

Scouting in this area is constantly growing. Bay St. Louis boasts of two active boy scout troops and one colored troop.

The troops are at present doing their share in defense work by collecting waste paper, distributing circulars giving information on what to do in case of an air raid, and at Christmas time contribute greatly by collecting and repairing toys which are distributed to needy children.

The scouts have other jobs to do according to an article taken from "Scouting" which says: Civilian defense is dramatic, but always we must remember that the Boy Scouts of America as a part of its contribution to youth and to the nation in this war-time situation, has a three-fold responsibility.

First, we have what might be called our long-term program, providing continuous and progressive training for every boy in Scouting, to make him physically strong, mentally awake and morally straight.

Second, we have our program of help to various Government agencies in certain projects specifically requested by the Government and directly related to the national emergency, though not to actual disaster conditions. These projects include distribution of Civilian Defense aid raid posters, the Victory Book Campaign and cooperation with the Red Cross, the collection of waste paper and the enlarged National Salvage Campaign requested by Mr. Knudson, urging Scouts "to expand their work to cover collection of scrap metals, old rubber and any other waste material which can be disposed of through waste material dealers."

Third, we have actual emergency service work that is rendered under abnormal conditions resulting from national disaster, or, as has been the case in Hawaii, from actual attacks.

Scout are always ready to assist wherever needed—they are courteous, faithful, trustworthy and obedient—you can show your confidence in them by contributing in the annual drive for funds.

## TAKE IT CALMLY

THE President has signed the bill which requires the registration of all men of 18 years to 65, with all from 20 to 44 eligible for active military service. This means a potential army of 6,000,000 fighting men, enough for any forceable eventuality.

Brig. Gen. Hershey, national director of selective service, makes a reassuring observation as the bill becomes a law. He points out that the registration has for the purpose providing the government with all possible information about the manpower. He urges all men to register and then "stay at your job until called."

As he points out, for every man in the fighting line 14 men are needed at home to equip and feed the army and navy. The registration list will be carefully checked so that every man will be assigned to the job where he is most needed. For the present it is unlikely that any man below 21 will be called up—but the government must know what it has to meet any emergency that may develop.

There is no reason for panic or undue perturbation. Business as usual until the call comes. And volunteers will not be accepted, the War Department says, after the present flurry subsides.

## BUY DEFENSE BONDS

OUR participation in war makes the purchase of immense quantities of Defense Bonds and Stamps all the more necessary.

We cannot finance the war through taxes alone. Nor can we finance it by selling more and more regular government bonds to the banks. The financial burden that war makes unavoidable must be largely absorbed by the people—by ordinary American men and women in all walks of life. The Defense Bonds and Stamps offer us all, whatever our financial status, the chance to help by the guns and the planes and the great warships that will eventually destroy our enemies.

The banks have been leaders in selling these Defense Bonds. They sell them without a cent of profit to themselves. The hundreds of millions of dollars realized are dispatched at once to the Treasury, to be disbursed for armament. Every bond sold amounts to a blow at dictatorship.

Buy as many bonds as you can afford. Put your spare dimes and quarters into Defense Stamps. This is every American's war—and every American must do all he can to see it through to victory.

U. S. A. can also mean "Use Sugar Advantageously."

Plans are being formulated by the Hancock County Chapter of the American Red Cross to have first aid instructors conduct standard first aid classes throughout the county at an early date.

## SINGAPORE MUSTERS MORALE WITH MRA POSTERS

Mobilizing all resources for the total defense of Singapore, civil authorities today authorized full-page newspaper publication of the morale poster used effectively to panic-proof Britain's blitzed cities, according to a London News Chronicle report received by cable at the Morale Training Conference in Boston. Wide spread use of the poster for preparedness in Australia and New Zealand was also reported in the cable.

Distributed by the civil and military authorities and published in the press in hundreds of Britain's communities, the poster prepared by Moral Re-Armament workers has already reached an estimated twenty million people throughout Britain. In America it is already being used by defense leaders in black-out cities on the West Coast.

Anticipating nation-wide use as a morale building weapon, the text of the poster, adapted to American conditions, was issued from the Boston Morale Training Conference today. The poster describing morale as "the secret weapon that will win the war," calls for every citizen to "put unity into the community, be a rumor-stopper, meet shortage by sharing, keep the moral standards of the nation high, and listen to God for direction as the secret of steadiness and inner strength."

The full text of the poster follows:

### MORALE

The secret weapon that will win the war:

Congress can't vote it.

Dollars won't buy it.

It's your job to build it.

Put unity into your community.

Unity starts with U. To win the war, stop private wars at home, on the job, with the neighbors. Honest apology ends friction—starts teamwork. If we all pull together, we'll all pull through.

Be a rumor-stopper.

Rumors help the enemy. Trace the facts.

Face the facts. Don't exaggerate. Make your community gossip-proof, smear-proof, panic-proof, fear-proof. Every patriot shoots a rumor dead on sight!

Meet shortage by sharing.

Use all of everything. Don't hoard. If everybody care enough, and everybody shares enough, everybody will have enough. No waste in your ice-box, cash-box, brain-box!

Keep the moral standards of the nation high. Don't weaken the home-front by wangling something for yourself on the side. Dishonesty and indulgence in you saps the nation's fighting strength. A decent world tomorrow depends how you live today!

The secret of steadiness and inner strength is on every penny.

"In God We Trust." Telephone wires may be cut, radio stations off the air, but no bombardment can stop us from being directed by God.

To listen to God and obey wherever you are is your highest national service.

## 12 PERCENT OF STATE FARMS ARE USING ELECTRICITY

ACCORDING to a recent REA survey 35,000 farms in Mississippi, 12 percent of the farms in the state, were receiving central station electric service as of June 30, 1941, according to F. H. Hunter, rural electrification specialist.

On January 1, 1935, the year in which REA was established, only 2,802 farms were receiving such service out of a total of 311,683 farms in the state, or 0.9 percent.

A total of \$10,918,000 had been allotted by the REA to 23 borrowers in Mississippi, as of June 30, for construction of 12,000 miles of power lines to serve approximately 49,000 consumers.

## MARCH OF DIMES

INSTEAD of the usual president's ball the Hancock County Chapter of the National Federation for Infantile Paralysis recently organized in Bay St. Louis started "The March of Dimes" campaign Wednesday afternoon with a large parade participated in by all civic clubs in order to give the public an opportunity to contribute to this worthy cause.

Booths will be erected at several places of advantage and donations will be gladly received.

In the past the public responded generously to the cause through the President's Ball and as usual Bay St. Louis will contribute its share in order to help fight the dreaded disease of Infantile Paralysis.

Your dimes will help!

## HIGHWAY IMPROVEMENT

THE work of improving the beach highway just east of Henderson Point in Harrison county is progressing rapidly. Already about one half of the graduated curve has been completed. When the road is finished at this point the highway will run along a continued course instead of the dangerous "L" shape as heretofore.

Several accidents have occurred at this particular point due to motorists failing to realize the turn in the road or thinking that the high continued on down the beach.

This improvement will well serve its purpose.

## MOTOR VEHICLE USE TAX STAMPS

MOTOR vehicle use tax stamps are now on sale at post offices throughout the state, as well as the office of the Collector of Internal Revenue in Jackson. This tax, which is imposed on any motor vehicle used on the public highways, is \$2.09 for the balance of the fiscal year ending June 30, 1942, and is payable not later than February 1. However, since February 1 falls on Sunday, motor vehicle owners purchasing their stamps on Monday, February 2, will not be liable for the penalty provided by law.

Many lives have been saved through the proper administration of first aid.

## ORTIE THEATER TO HAVE VAUDEVILLE

In Addition to Regular Show Wednesday and Thursday, February 4-5

Something new and different will be presented to the Ortie Theater patrons next Wednesday and Thursday, February 4 and 5 in the form of a novelty show featuring Tom Twist in person, a clever acrobat master of contortion and balance who manipulates his body smoothly and gracefully through seemingly impossible shapes. Also included in the show are Jaque-Gracie and Tiney in novelty numbers of acrobatics, fast foot-tapping and comedy, and in addition to this there is a small animal act of highly trained animals.

It is possible now to book high class shows of this type once again due to the fact that their travels include Southern army camps where the best in entertainment is afforded to the men in the service. The big eastern shows are now including the camps in their circuits and provides theater going people the opportunity once again of enjoying real vaudeville.

If the people of this community react favorably to entertainment of this kind the management will book more of the same from time to time.

In addition to the stage show there will be on the screen Roger Pryor and Cecilia Parker in "Gambling Daughters" also latest news. There will be no advance in prices.

## ORTIE THEATER TO PRESENT SUNDAY "ROAD TO GLORY"

Featuring Frederic March, June Lang, Warner Baxter, Lionel Barrymore

Four outstanding stars in a great production in the "Road to Glory." These four stars have produced the most outstanding dramatic colossal production of the century. It is almost needless to comment on the calibre of this feature, as everyone knows that Twentieth Century Fox in putting these four stars together could not find it possible to produce anything but a tremendous hit.

Frederic March and Warner Baxter portray their ability in this heavy dramatic war picture. June Lang is definitely superb in her work thru-out this production. Lionel Barrymore as a character actor does a splendid job in his role. Ortie Theater takes great pleasure in presenting again this superb special attraction.

## SONG AND DANCE FILM AT A. & G. SUNDAY-MONDAY

"Lady Be Good" Starring  
Ann Southern, Robert  
Young and Brilliant  
Supporting Cast.

MGM's greatest song and dance extravaganza, "Lady Be Good," will be seen at the A. & G. Theater, Sunday and Monday nights, February 1-2.

Seel Hear! THRILL! Saucy Ann Southern singing "The Last Time I Saw Paris." Eleanor Powell tapping to town with a hilarious, new dancing dog, "Upstairs Red Skelton. George Gershwin's "Lady Be Good" and "Fascinatin' Rhythm." John Carroll singing "Your Words and My Music!"

Famed Berry Bros., World's greatest dance trio. Jerome Kern's Love Songs.

Dancing Dog, the most sensational novelty in show history. Buttons, the fox terrier, and his dance routine with Eleanor Powell.

Lionel Barrymore as the kindly judge who makes love songs come true.

When "Lady Be Good" is good it's very, very good—which is what it's musical. When it isn't musical it's engaged in telling, with more deliberation and less humor than a story of entertainment requires, a story about a song-writing team whose romances and rhythms don't jibe.

Eleanor Powell in a timed routine performed with a dog who cooperates and is one of the longest single-take tap routines on record, a production number as big as MGM's biggest stage and packed with audience value. Another highlight is a song by Virginia O'Brien, the "Dead Pan" singer of "Meet The People."

## Home Agents Notes Of Hancock County

"Make America strong by making Americans stronger" is a pertinent 1942 slogan expressing tersely a goal for every home. The health of the nation at war is vital to its morale. Before expert demands for food increase much further, as they may do, is the time to build health reserves. Remember robust health of every member of the family is one of the bulwarks against the ravages of epidemics, such as have accompanied past major wars. Body-building, health promoting, energizing nutrients are available in abundance in the wide variety of foods which may be produced on every farm. Let us, for patriotic as well as personal reasons, produce food in abundance in 1942 and practice family food habits insuring family health reserves.

Milk on every farm should be produced under sanitary conditions. Produce clean milk in order that all members of the family may drink heartily with safety and relish this number one health food. Remember clean milk has a clean flavor, free from taste or odor of unclean cows, vessels or stable, and from excess acidity. Children may form a dislike for milk because of having drunk or because of having been urged to drink milk that was unpalatable due to such causes as lack of sanitation about the barns where cows are kept, odors from strongly flavored foods or feeds stored in milk rooms, and grazing of onions or bitterweeds by cows. Milk which is slimy,ropy, watery or foamy is abnormal and should not be used. Remember that the cleaner milk is drawn and kept, provided it is cooled immediately and kept cool, the longer it remains sweet. Wholesome milk comes from healthy cows kept clean in clean surroundings, fed wholesome feeds and supplied clean water.

Plant English peas, leaf lettuce, rape and carrots this month. English peas: Prepare soil and enrich with 6 pounds of 6-8-8 fertilizer to each 100 feet of row 10 days before seed sowing. Plant on 3-foot beds using two rows 10 inches apart for each bed. Sow seed 3 inches apart in row and 3 inches deep. Provide string or brush support. Derris dust will control pea lice if applied in late afternoon. Leaf Lettuce: Sow seed one-half inch deep in rich, moist soil. Thin plants 6 inches apart. Give frequent shallow cultivation. Rape: Sow in drills or broadcast in deeply prepared, fertile, moist soil. Cover 1 inch deep. Use tender leaves for table and feed excess to livestock. Rape will be ready for use 8 weeks after sowing. Carrots: Soil must be fertile and thoroughly prepared. Plant seed one-half inch deep in rows—thin plants 3 inches apart when 2 inches tall.

It is commonly known that peach trees should be sprayed with oil emulsion during the winter months to control scale, but this practice, however, the same insect is often allowed to gain such headway on ornamental plantings that many worthwhile shrubs and trees are lost each year. The following shrubs should be sprayed by March 1 with 1 part oil emulsion to 20 parts water: Pyracantha, flowering quince, haws, flowering peach, flowering crab and ornamental cherry trees. The evergreen, euonymus, is another shrub frequently infested with a scale all its own. Spray euonymus with oil emulsion 1 to 40 at once.

## FORT HOME

As our armed forces guard far flung outposts that every sinew of war must be strained to serve, there are millions of other important FORTS that guard the morale and strength of this America. These forts are the HOMES of the land.

Today, as we find accustomed things changed by the diversion of our country's resources to military use, more and more we turn back to home as the citadel of our strength and perseverance.

And in the home as in peacetime, electric service for light, refrigeration, and efficient cookery brings a lifting of spirits and a release from drudgery that helps make our nation strong.

MISSISSIPPI POWER COMPANY

This company, a tax paying private enterprise, finds it as hard to bear greatly increasing taxes as any individual. Over 17c out of every dollar the company received for rendering your service went for taxes in 1940, and this percentage will be higher when all figures for 1941 are available.

UNDER THE CONDITIONS WHICH FACE THIS NATION, HOWEVER WE LIKE YOU, DO NOT COUNT THE COST WHEN IT COMES TO ARMING.

Paying taxes is a patriotic part of our democratic way of life.
